

Design me a poster to promote

Bicycle Helmet Safety

Competition

We know that to be safe on or near roads we need to make sure we have a few essential items... sensible shoes, reflective clothes and lights if we are out when it is starting to get dark. BUT we also need to remember our helmets when cycling.

Use your imagination to create a catchy and memorable poster so that everyone remembers to wear their helmet when cycling on or near the road.

Prizes to be won!

Have your poster printed and displayed.

**Bring your posters to the office by
Monday morning 1st October 2018**
