

# Black History Month 2023 - Saluting Our Sisters!

October is Black History Month, and this year the focus is on **WOMEN**.

We will be learning about women of colour and their impact on the world in school over this month.

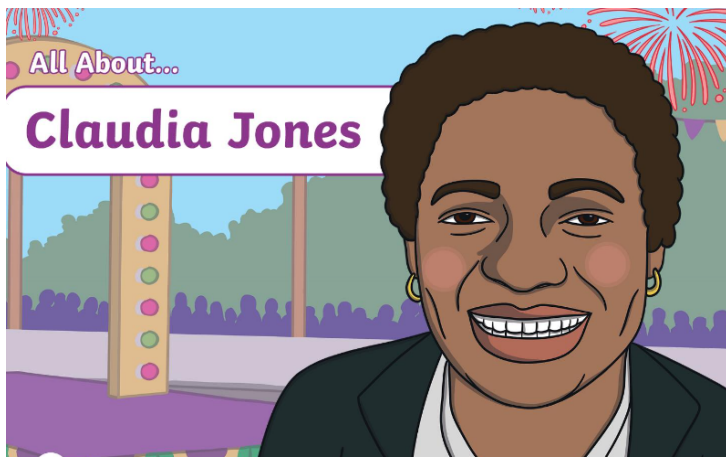

If you would like to find out more, here is some **OPTIONAL** home-learning you and your family can enjoy together.

Investigate the life/ lives of some of the women suggested, or choose your own!

Present your findings as a poster, a booklet, or even a computer presentation.

Why not make a portrait of the women, celebrating her?

Bring it in anytime this month - we will be rewarding children with merits and creating a fantastic display board!

Can you find out how Claudia Jones is linked to a famous London Event?

How did Beatriz Milhazes make her mark?

Alma Thomas was a musician - can you find out what type?

What sort of tricks was Bessie Coleman famous for?
