The Weekly Bulletin

Inspire, Create, Discover, Together

Covid-19 Update

A huge thank you to all of our parents and children for your patience and understanding this week as we had our first case positive case in school which resulted in bubble closures. We are really sad not to have kept our 'clean sheet' after over a year without bubble disruption, but it's very clear that the virus is still in and around the Bury area at the moment - we are aware that a number of other local schools have been similarly affected in recent days. I know you will join us though in sending all of our very best wishes to the staff member affected and will wish them a very speedy recovery. Remote provision is in place on Google Classroom for any bubbles learning from home and this will also be provided for individual children in other year groups who need to self-isolate.

Given that we have seen a rise in cases locally this week, it is more important than every for our whole school community to remain vigilant regarding symptoms and self-isolating where necessary. It's also important to remember the usual social distancing guidance and national restrictions in place across the country at the moment.

The staff team continue to undertake twice weekly rapid Covid tests and this has proved helpful this week in ensuring a case was picked up very quickly in school. **We would encourage all families to consider using the freely available lateral flow rapid tests for all members of the household. A link to further guidance on obtaining these tests can be found here:**

General COVID information

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19 they should remain at home. Arrange for a COVID test via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling NHS 119 and inform the school.

If their test is negative and they can return to school when they are well.

If their test is positive they will need to self-isolate for **10 days** from the date when your symptoms start. All your household members must self-isolate for 10 days.

The date of symptom onset is day zero.

Symptoms

The symptoms of coronavirus (COVID-19) are:

- recent onset of new continuous cough or
- high temperature or
- a loss of, or change in, normal sense of taste or smell (anosmia).

There are things you can do to reduce the risk of getting COVID-19:

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

How to Set up PARENTAL CONTROLS

to limit age-inappropriate CONTENT iPhone

The parental controls on iPhones allow you to block or restrict certain apps, features, content, downloads, or purchases. Setting limitations on content ratings, Siri and web searches enables you to filter out age-inappropriate content and vastly reduce the likelihood of your children being exposed to unsuitable material and information.

18+ Set up content rating restrictions

Content filters keep your child from viewing unsuitable material. They block apps, films and TV shows with specific age ratings, and music and podcasts with explicit content.

- 1 Open Settings
- 2 Tap Screen Time
- 3 Enable Content & Privacy Restrictions
- 4 Tap Content Restrictions
- 5 Choose the Settings for each feature you wish to restrict

Set up web restrictions

Website content filters restrict age-inappropriate content on Safari. You can also blacklist certain websites or allow access only to approved sites.

- 1 Open Settings
- 2 Tap Screen Time
- 3 Tap Content & Privacy Restrictions
- 4 Tap Content Restrictions
- 4 Tap Web Content
- 5 Choose between Unrestricted Access, Limit Adult Websites and Allowed Websites Only
- 7 Choose which websites you wish to allow/block

Set up Siri web search restrictions

You can screen out explicit language to avoid Siri displaying inappropriate results. You could also disable Siri entirely, so your child can't use it to search the web.

- 1 Open Settings
- 2 Tap Screen Time
- 3 Tap Content & Privacy Restrictions
- 4 Tap Content Restrictions
- 5 Scroll Down to Siri
- 6 Choose to block either or both Web Search Content and Explicit Language
