EFL Kids Cup - Ipswich

Bright sunshine welcomed our team of 8 players from Years 5 & 6 to the Ipswich Town football ground at Portman road this week as they

took part in the Eastern Football League Kids Cup tournament. The Barrow team played a number of matches throughout the morning and performed really well on their first outing at this competition. Miss Burchell was delighted with their performance against some tough opposition! Our UKS2 classes are looking forward to taking part in more of these local sporting events this term.

Wrist Device Safety

The use of Smart Watches or other types of watches and/or wrist devices with built-in cameras is not appropriate in school. This is due to risks associated with loss and damage and/or of misuse in the same way as mobile phones or tablets. **Please check your child's device for a camera function.** If there is one present, please ensure that the device remains at home during the school day. Thank you for your support.

Self-Isolation Changes

From Monday 17 January, people who are self-isolating with COVID-19 will have the option to reduce their isolation period after 5 full days if they test negative with a lateral flow device (LFD) test on both day 5 and day 6 and they do not have a temperature. For example, if they test negative on the morning of day 5 and the morning of day 6, they can return to their education or childcare setting immediately on day 6.

The first test must be taken no earlier than day 5 of the self-isolation period, and the second must be taken the following day. All test results should be [reported to NHS Test and Trace](#).

If the result of either of their tests is positive, they should continue to self-isolate until they get negative results from two LFD tests on consecutive days or until they have completed 10 full days of self-isolation, whichever is earliest.

Anyone who is unable to take LFD tests or anyone who continues to have a temperature will need to complete the full 10 day period of self-isolation.

Further [information on self-isolation for those with COVID-19](#) is available.
