INTENT

Personal, Social, Health Education & Sex and Relationships Education - Intent

At Barrow Primary School, we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, empower them with a voice and to equip them for life and learning. To ensure progression and a spiritual curriculum, we use Cambridgeshire PSHE as our chosen teaching and learning programme and tailor it to your children's needs. The programme offers us a comprehensive, carefully thought-through scheme of work which brings consistency and progression to our children's learning in this vital curriculum area.

Aims of the Personal, Social, Health Education & Sex and Relationships Education

The national curriculum for PSHE aims to ensure that schools teach a broad and balanced curriculum that:

- promotes the spiritual, moral, social, cultural, mental and physical development of pupils at the school;
- prepares pupils at the school of the opportunities, responsibilities and experiences of later life;
- promotes British values.

Cambridgeshire PSHE covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the units and these are taught across the school; the learning deepens and broadens every year.

PERSONAL, SOCIAL AND EMOTIONAL DEVELOPMENT	Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives , and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world . Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others . Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating , and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life .
